

## China Energy Saving and Emissions Reduction Impact

Update: September 27, 2021

Recently, due to the Chinese government's requirements for "energy saving and emission reduction", the Jiangsu area has also been monitored. Due to the impact of electricity restrictions, MCC's Yangzhou production base has also received a notice from the government, **but the current production line is still unaffected**. The electricity consumption is monitored every day, and at the same time, it is guaranteed not to increase the electricity consumption.

Departments of the company also actively maintains communication with relevant departments and partners to ensure the timely delivery of orders to the greatest extent possible.

Thank you for your long-term care and support. If you need further information, please contact your MCC sales representative for more details.

## 有关公司产线受临时限电影响 的情况说明

近期由于中国对“节能减排”的要求，江苏地区也受到了用电限制的影响，我司扬州生产基地也已收到政府通知，但目前产线还未受到影响，每天监控用电量，并同时保证不增加用电。公司各部门也积极与相关部门以及合作伙伴保持沟通，最大限度保证订单及时供应。

感谢各位客户长期以来的关心和支持，如需了解进一步的信息，请及时和各销售窗口联系。谢谢！
